- Customer Reviews APIs that supports the customer reviews section of a product page in an
- e-commerce application.
- Reviews APIs support operations for writing reviews and listing reviews for a product.
- Technologies Used: Java, Spring Boot, Spring Data JPA, MySQL

### Personal Portfolio Website
- Developed and maintained code for personal website using HTML, CSS and Javascript

## Skills

### Programming Languages
Java, Python, C/C++, Javascript, Typescript

### Libraries & Frameworks
Spring Boot, Spring, Maven, Spring Data JPA, Hibernate, Spring Cloud, Spring Security, Node.js, JUnit, Angular

### Tools & Platforms
Git, Github, MySQL, MongoDB, PostgreSQL, Maven, AWS, Netlify

## Education

### University of Houston-Clear Lake
2018 - 2020 // Houston, TX
Master of Science in Computer Science

### Gujarat Technological University
2013 - 2017 // Gujarat, India
Bachelor of Engineering in Computer Science & Engineering

## Coursework

Database Management Systems

Advance Operating Systems

Data Warehousing and Business Intelligence

Big Data Analytics

Capstone Project

Distributed Information Systems

Computer Security

Computer Programming and Software Modeling

Testing, Validation and Verification

## Certificate

Spring & Hibernate for Beginners Certificate by Udemy

## Interest

Traveling, Video Games

## Volunteering

UHCL IT Club
